What is Horse Agility?

For more information and to join the Horse Agility Club of Great Britain, see the web site:
<http://www.horseagilitygb.com>

Horse Agility consists of 10 obstacles, plus a control of paces section (at starter level only as of 2012). The obstacles are laid out in an enclosed area. Using a halter/head collar and line (which must be at least 10' long) the handler leads the horse over, through and around the obstacles and their horsemanship/ relationship is scored by an accredited judge. No sticks of any sort are to be used in the competition phase.

No previous experience is necessary but attending courses and play-days affiliated to the Horse Agility Club of Great Britain will prepare you and your horse to play safely while you train.

All handlers must wear hard hats and suitable footwear in all classes.

Example obstacles are:

Backing up down a lane of poles or over a pole

Carry a load

Small jump

Walk through a narrow gap

Walk over a podium

Weaving through cones

Through curtains

Walk over a bridge (First Level Only)

Walk into and through a Trailer (First Level Only)

Rosettes will be awarded to all competitors.

The combined training and competition day is ideal to build confidence in young horses or to introduce horses and handlers to a fun relaxed competition without having to ride.

As safety is a very large part of the training for Horse Agility it will help you and your horse to build a more confident close relationship when working together.

Horse Agility keeps your horse's mind working constructively and it's a great way to meet like minded people who may think the same way about their horse's potential other than as a ridden horse.

Everyone can join in Horse Agility - children and adults of all ages, fitness levels and ability, the people do the training the horse does most of the energetic bit!
